

Risk Analysis

For the following Risk Analysis Please give a very **HONEST** description of where your part fits in the tables. You must provide an explanation justifying your placement within the table.

For Risk: If there is a high risk of your part's failure causing us to lose competition and a high probability of this failure, please place an X in the upper right hand corner.

Risk:

Disaster Level	high			
	med			
	low			
		low	med	high

Probability

For Benefit: If there is a very significant benefit that your part has and it has a high probability of helping us win competition than place an X in the upper right hand corner.

Benefit and Opportunity:

Opportunity	high			
	med			
	low			
		low	med	high

Probability
